

# EROJ BAJRACHARYA

Software Engineer · AI & Machine Learning

eroj.bajracharya@email.com | (555) 123-4567 | linkedin.com/in/erojbajracharya | github.com/erojbajracharya | Kathmandu, Nepal

## PROFESSIONAL SUMMARY

Recent BSCS graduate from Westcliff University with a concentration in Artificial Intelligence. Passionate about building intelligent, scalable software solutions with hands-on experience in machine learning, deep learning, and full-stack development. Brings a thoughtful, detail-oriented approach to problem-solving — preferring to listen carefully, analyse deeply, and deliver well-crafted solutions. Eager to grow within a collaborative engineering team where quality and craftsmanship are valued.

## EDUCATION

**Bachelor of Science in Computer Science · Concentration: Artificial Intelligence**

2021 – 2025

Westcliff University · GPA: 3.8 / 4.0 · Dean's List (All Semesters) · AI Capstone Award

## TECHNICAL SKILLS

**Languages:** Python, Java, JavaScript/TypeScript, C++, SQL, PHP, Bash

**AI / ML:** TensorFlow, PyTorch, Scikit-learn, Keras, Hugging Face Transformers, OpenCV, NLTK, spaCy

**Web & APIs:** React, Node.js, Express, FastAPI, REST, GraphQL, HTML5, CSS3, PHP/Laravel

**Cloud & DevOps:** AWS (EC2, S3, Lambda, SageMaker), Docker, Kubernetes, GitHub Actions, CI/CD

**Databases:** PostgreSQL, MySQL, MongoDB, Redis

**Tools:** Git, Jupyter Notebook, VS Code, Postman, Jira, Linux

## SOFT SKILLS

**Analytical Thinking** · Carefully dissects problems before proposing solutions — prefers depth over speed. **Written Communication** · Expresses ideas clearly and precisely through documentation, code comments, and async updates. **Deep Focus** · Able to enter long periods of concentrated, uninterrupted work — thrives on complex, absorbing tasks. **Attention to Detail** · Catches edge cases and inconsistencies others overlook; takes pride in clean, correct output. **Self-Directed Learning** · Independently researches new concepts and frameworks without needing prompting. **Reliability** · Consistently meets deadlines and follows through on commitments with minimal oversight. **Collaborative in Small Teams** · Comfortable in close-knit, async-friendly team environments; contributes thoughtfully in discussions.

## EXPERIENCE

**Software Engineering Intern · TechCorp Solutions · Remote**

Jun 2024 – Dec 2024

- Developed a document classification microservice using BERT fine-tuning, reducing manual review time by 40%.
- Built RESTful APIs with FastAPI and integrated them into an existing React front-end dashboard.
- Containerised services with Docker and deployed to AWS ECS; set up GitHub Actions CI/CD pipelines.
- Collaborated in Agile sprints, participated in code reviews, and maintained 90%+ unit-test coverage.

## PROJECTS

**NepalChat – Nepali Language Chatbot | Python · GPT-4 API · FastAPI · React**

- Fine-tuned a language model on a curated Nepali corpus (50 K sentences) to power a bilingual chatbot.
- Deployed on AWS Lambda with a React frontend; handles 500+ daily active users.

## **HotelEase – Hotel Reservation System | *PHP · MySQL · Bootstrap · JavaScript***

- Designed and built a full-stack hotel reservation web app supporting room browsing, booking, and admin management.
- Implemented secure user authentication, session handling, and role-based access control (guest vs. admin).
- Built a dynamic availability calendar and booking engine in PHP/MySQL with real-time room status updates.
- Styled a responsive UI with Bootstrap; deployed on Apache with a normalised relational database schema.

## **CERTIFICATIONS & AWARDS**

---

- AWS Certified Cloud Practitioner (2024)
- DeepLearning.AI – Deep Learning Specialization (2023)
- Google – Machine Learning Crash Course Certificate (2023)
- Westcliff University AI Capstone Award – Best Capstone Project (2025)
